Looking for that perfect culinary gift for the foodie on your list? Select from one of our unique black garlic products such as Black Crack or New Bay 33 while enjoying our tastings.

Also available at the Farm Store are our Jar'd Specialities, such as Zucchini Relish, Pineapple 5 Spice Jam, Sweet Yellow Tomato Chutney. Artisan chef Gail Brennan has created this unique line of wholesome specialty items for Obis One customers.

We realize that it's a hike down the lane to Obisquahassit. That's why we've decided to offer a variety of other goodies for your holiday shopping.

Take a peek at the column to the right to get an idea of the local and not-so-local small business owners with whom we've partnered to provide you with an enjoyable shopping experience. Besides, wouldn't you rather shop in a 1670's farm house than fight the traffic at the mall? Thanks for shopping local!
